Project Quote Request

Met with both Dan and Blake to finalize what is needed in the migration of the phone system away from Verizon. After speaking with ServiceTitan, all is understood and we are now ready to pull the trigger on a new phone system.

Personal Note from Richard Ozsvath

Hi Dan - I've quoted the Grandstream GXP2170 color desk phone. The package includes a power adapter and Bluetooth connectivity at an extremely affordable price. The service plan is a month-to-month agreement, no long term commitment. No charge for implementation, will do all the heavy lifting with ServiceTitan integration, Tennessee phone routing, etc. I've already confirmed that the AT&T redundant wireless does work with our phone system in the event of a Comcast outage. We can get started right away and get the job done next week with your prompt approval. - Rich
