Project Quote Request

Pargen has called that we present him with a quote for a new computer since the existing Toshiba AIO seems to have a broken monitor and is quite old. Pargen requests that Richard visit onsite to handle the migration of data from the old PC to the new one.

Personal Note from Richard Ozsvath

Hello Pargen - I've quoted a new Lenovo ThinkCentre M70a All-In-One PC. Slightly larger screen than what you have now, touch screen, and substantially more powerful. The cost includes everything to get this done, including the migration of data from your old PC. Thank you for the opportunity, do I have your approval to proceed with the order? - Rich
